

Privacy Statement and GDPR Compliance for practicemy.com

At practicemy.com, we value your privacy and are committed to protecting your personal information. This Privacy Statement outlines how we collect, use, and safeguard the information you provide when using our service, in compliance with the General Data Protection Regulation (GDPR) for users in the European Union.

Information We Collect:

When you sign up for our service, we collect your first name and email address. This information is solely used to share your interview results with you.

During the interview process, a video recording is made, which is securely stored on our cloud storage partner. You have full control to delete your practice sessions and for added privacy they will automatically be deleted after 7 days.

How We Use Your Information:

The video recordings are not reviewed by humans. Instead, we utilize artificial intelligence tools such as ChatGPT or Google Gemini to analyze the results based on prompts generated by our software. Once the video is deleted, both the transcript and any associated data are also removed from the transcription service, AI tools, and cloud storage.

The only data we retain is aggregate data, which includes the number of interviews conducted, anonymized job titles entered by users, and users' first names and email addresses. We do not sell this data. It is used for internal reference and to enhance our service, as well as to keep users informed about new features and functionalities. Users have the option to opt out of receiving communications from us.

Use of Cookies:

We may use cookies on our website. These cookies may be used by our partners to push job notifications that you may be interested in or to display third-party advertisements. You have the option to control or disable cookies through your browser settings.

Third-Party Advertising and Sponsorships:

We may display third-party advertisements or sponsorships within our app and on our website. These advertisements may be linked back to the advertiser's website. We do not provide any personal data collected from our users to advertisers. Advertisers and sponsors are solely responsible for the content of their advertisements and compliance with applicable laws and regulations.

Data Security:

We take data security seriously. All video recordings are securely encrypted using SSL technology. Our cloud storage partner adheres to industry-standard security protocols to ensure the safety of your data.

GDPR Compliance:

practicemy.com complies with the General Data Protection Regulation (GDPR) for users in the European Union. We respect your rights under GDPR, including the right to access, rectify, or erase your personal data. You may also have the right to restrict or object to certain processing activities. If you have any questions or requests regarding your personal data, please contact us at contact@practicemy.com.

Updates to Our Privacy Statement:

We may occasionally update this Privacy Statement to reflect changes in our practices or in response to feedback from users. We encourage you to review this statement periodically for any updates.

By using practicemy.com, you consent to the collection and use of your information as outlined in this Privacy Statement and in compliance with GDPR regulations.

If you have any questions or concerns about our privacy practices or GDPR compliance. Please contact us at team@practicemy.com.
